

The Charming Shortcut

bringing you the latest updates
from Amulet Hotkey

The trusted choice for power, agility, and security for mission critical and data intensive workloads

A note from the CEO

The debate continues with what is the best working set up – do people work better in the office? At home? A mixture of both? Or perhaps ‘remote working’ doesn’t automatically assume ‘home office’?

What we believe, is that companies need to be agile and free to make the choice that suits them – with the flexibility to change their mind!

Our mission at Amulet Hotkey is to supply the infrastructure that empowers businesses to have that freedom of choice, with the confidence in technology that is as performant in remote locations as it is in the office, and just as secure.

We have recently launched two new products that expand our portfolio, to continue to do just that. Read on to find out more, register for our webinar and meet the team!

Stewart Holness
Executive Chairman

[Amulet Hotkey Launches CoreStation™ RX220 Remote Workstation](#)

The latest addition in the CoreStation series, the RX220, is a custom engineered, compact rack workstation designed to deliver high performance.

Users of the RX220 can be confident in the enterprise level features which includes Intel Xeon E-2300 processors, with base clock speeds of 3.7GHz and boost up to 5.1 GHz. Plus, NVIDIA professional RTX GPUs, including the powerful RTX A2000 with 12GB memory.

Amulet Hotkey Launches DX3260 high performance ultra thin client

The DX3260 follows the now end-of-life DX3240, to deliver powerful performance for a smooth and responsive experience in hybrid work environments.

Intended for industries such as engineering, media, entertainment, and gaming, the DX3260 is the top choice for tasks such as complex CAD models, 2D and 3d video editing, multiple screen view with video playback – all with 4:4:4 color accuracy.

Upcoming Webinar

Do you know all the products Amulet Hotkey have to offer?

At the webinar you will:

- Get an overview of our solution architecture and product suite
- See our latest releases
- Be shown a full overview of our CoreStation remote workstation solutions including tech specs
- Hear about our path to Zero Trust

Every attendee will automatically be entered in to a prize draw to win a £100 Amazon voucher!
