

DX1300 Thin Client

Compact thin client solution

Benefits and Features

Key Features

- Secure solution for connecting users to a remote workstation or centralized host server
- Based on the AMD Ryzen R1000 series processor (R1305G)
- Supports multiple thin client operating systems, including IGEL OS and Windows IOT
- Innovative and compact design means no active cooling
- Supports any remote workstation protocol supported by the OS running on the client
- Support for two displays running up to 4k at 60Hz
- Designed to better support video/audio conferencing tools and USB peripherals

Flexible, compact and secure endpoint solutions

The Amulet Hotkey DX1300 thin clients are equipped with a AMD Ryzen embedded processors providing a flexible, compact and secure endpoint solution. The DX1300 clients allow you to choose the thin client platform that works both for you, supporting IGEL OS and Windows IoT

Power and performance

Capable of meeting and exceeding knowledge worker workloads with the efficient AMD Ryzen Embedded R1305G 2.8GHz dual core processor, Vega 3 Graphics and fast system memory. Deliver high frame rate, 4k UHD graphics to up to 2 displays to support a broad range of user requirements

Security

Robust design to be part of a proven secure solution when installed with IGEL OS

Flexibility

Select from multiple options of thin client OS, such as IGEL OS or Win10 IoT, that support all major protocols connecting to virtual machines or dedicated workstations. Flexible network connections are available with either an RJ45 and SFP ports.

Amulet Hotkey solution expertise

With over 20 years of experience in designing and deploying remote workstation solutions, you can trust Amulet Hotkey to provide high quality hardware and software

Make the most of our support and solution design team by upgrading to ProCare support. ProCare support includes access to a global 24/7 service desk, with extensive solution expertise and third-party vendor collaboration, to help resolve your technology questions and issues.

Specifications

Form Factor	Compact – 173mm (width) x 128mm (depth) 37mm (height)
Processors	AMD Ryzen R1305G
Memory	Dual-channel DDR4-400, 8GB
Storage	eMMC 32GB
Display	2x DisplayPort 1.4
Resolution	4K @60Hz
USB	1x Type-C, 2x USB 3.2, 2x USB 2.0
Audio	Headphone, Microphone & Internal Speaker
Networking	1x SFP or 1x RJ45
Wi-Fi Support	Optional fit Wi-Fi Antenna
Smart Card Support	Optional Integrated Smart Card Reader
Cooling	Passive
Power	19V DC
Operating System	IGEL OS or Windows IoT
